Sorrowing Relatives of Many Defendants Never Absent From Courtroom,

Chronology of Dynamite Cases

Federal prosecution for illegal transportation of explosives.

February 6, 1912, Federal grand jury returns indictments against fifty-four labor union officials.

February 14, most of the defendants, scattered over the country, arrested within a few hours by a telegraphic signal, October 1, trial begins exactly two years after Lox Angeles explosion, fifty defendants present; three discharged by government; Ortic E. McManuigat plends guilty, leaving ferty-six for trial.

October 3, jury secured, composed mostly of farmers; government opens its case.

October 3, Herbert 8, Hockin accused by district attorney with having been a spy within the ranks of the dynamiters, and with having given information to the prosecution.

October 2, Edward Clark, Cincin-

was entered into and was entered into and stream the historic "dynamite that the courtroom where the and children of the defendants ow it was the heavy voice of a terrace to with the witness chair and high himself against the charges ationwide conspiracy, in which of union labor were deeply ed. Witnesses from near and the and went but those whose tending to the accusation.

As a motive for trimes.

The witnesser of the witnesses were carried.

Another coincidence was that the trial began on October 1, 1912, the second anniversary of the Times explosion. The Federal grand jury, after several months' investigation, relatively the court of the court

Opp. Miller & Rhoads.

MeNamara had fied, all testified.

In connection with the explosion the story of William J. Burns was given. His son, Raymond J. Burns also related how detectives had McNamara and McMangal pointed out to them on November 6, 1816, five months and six days before the arrests were made in the meintime these dynamices were followed on a husting trip to Northern Wisconsin, but they escaped the effective, and ten more explosions occurred. Burns said he was looking for "men higher up."

McManlgal testified, and others testing the many difference of the winder of the school will be open for their impaction. Special rates are available on the rail-roads, and no trouble will be sparsed to make the three days course worth while to those of all ages who may attend.
